#### ABOUT SCHOOL

Over the last 7 years, the Ipsum Group has scripted success stories of trust, excellence and innovation and has created new benchmark in the field of education. We understand that when we pay attention to the beginning we can change the whole story.

The Ipsum International School, Balangir begins in 2020 with the awareness that the true meaning of education is yet to be discovered. Inspired by great thinkers of the time, Ipsum pioneered several educational child-friendly concepts ahead of time. Cognizant that the child today will apply his/her learning in future that is 20 years away, Ipsum ensures our faculties are trained to nurture the mind and heart of the developing children.

Ipsum Institute, lays a strong emphasis to kindle and foster the academic, artistic and creative abilities and talent of students, so as to develop them to be a complete man with good character, sharp vision and abounded potentials within him/herself. Today, the Ipsum Group stands as a testimony to the dedicated service of its founder and is forging ahead with determination to make the institution a name to be reckoned with, in the field of education.

We, at Ipsum, look at children as individuals and not as a class. We groom and nourish each child independently, for all require distinct attention. We build an atmosphere where each child explores multiple activities, and experiences challenges to find his/her own strengths. Ipsum is an institution that looks beyond imparting just knowledge. It takes a holistic approach, focussing on the overall development of the child, by giving him/her an environment that nurtures and instils strong values of dignity, decency and respect for human. We believe in nurturing and enriching the mind and soul of the child. This is why we lay such strong emphasis on looking beyond the set parameters of bookish education. Through activities like music, drama, sports and adventure, we help students to find their inner strength, develop high self-esteem and make them self-actualised individuals. Life demands a healthy and intelligent mind, with a sound physique. Our curriculum has been especially designed to make it exactitude; where physical, emotional and mental needs are equally significant.

As Plato said, "The direction in which education starts a man, will determine his future life." In Ipsum, every child matters... and it is reflected in every plan, process, and practice of our school. We welcome you to begin your child's journey with us.

#### MISSION

We strive to embody our vision by holistically fostering our students mind, body, and character- empower them to confidently explore their interests and put their skills to meaningful use.

#### VISION

We aim to nurture our students to being responsible and empathetic individuals who will be leaders of distinction and committed to the spirit of excellence through quality education imparted by experienced, dynamic and caring teachers who would build strong virtues and values, while focusing on their holistic development creativity and entrepreneurship.

“ The first few years  
have so much to do with  
how the next 80 turn out.”

-Bill Gates
